

# ENERGIZE® P

## Guaranteed Analysis

Total Product Basis	%/w/v
Total Nitrogen (N)	11
Total Phosphorous (P)	19.5
Total Potassium (K)	4.6
0.17% W/V Humic acids present as Potassium Humate.	

## Product Information

### About Energize® P

**Energize® P** is a stabilised NPK. **Energize® P** contains high Phosphorous necessary for the increased performance of turf during cold and hot conditions when Phosphorous during these periods is not absorbed readily by the plant from the soil. Phosphorous is a key nutrient for plant energy, as well as root growth and development. Phosphorous is critical during times of increased stress.

Applying **Energize® P** as a foliar application supplies Phosphorous directly to grass. **Energize® P** also contains **Humic80®**, a concentrated Humic acid, for increased uptake of nutrients through the leaves and translocation within the plants. **Energize® P** contains high levels of available nutrients and micronutrients for immediate absorption and utilisation by plants. **Energize® P** can help reduce the instances of purple growth on turfgrass due to Phosphorous lock-ups in the soil, especially during cooler months. Stored Phosphorous within the plant can help turfgrass break early in spring and encourage the first root flush.

**Energize® P**, when used as a foliar application, will not germinate POA.

## Directions & General Recommendations

### Application Rates

#### Greens:

Apply 18.92L / Ha monthly or as required.

#### Seed sowing:

Apply 18.92L at 5 - 10 days after germination, then again 1 month later.

#### Fairways / sports grounds:

Apply 18.92L / Ha from May - August.

#### Tees / greens surrounds winter colour:

Apply 18.92L / Ha (with **Humic80®**) at 3 - 5Kg / Ha) monthly between April - August. This helps to increase colour and early spring break / growth.

### Compatibility

ALWAYS perform a compatibility test before mixing anything with **Energize® P**.

**Energize® P** is INCOMPATIBLE with trace elements, magnesium and calcium fertilisers.

KEEP OUT OF REACH OF CHILDREN

### Limited Warranty

Manufacturer or reseller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer nor reseller shall be liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described on the label.
