## Product Information

### About WeedZap™

**WeedZap™** is a contact, non-selective, broad spectrum, foliar-applied, natural oil based product.

This product will only work on actively growing emerged green vegetation. It is suitable for annual and perennial broadleaf and grassy weeds.

This product does NOT translocate.

### Net Contents

- 1L Lot#
- 18.92L

## Directions & General Recommendations

### Application Rates

Mix 5 - 7 Litres of **WeedZap™** concentrate per 100 Litres of spray water. Apply enough **WeedZap™** to cover the entire surface of the weed.

Spray with continuous agitation to the point of runoff. The use of a spreader/sticker like **Natural Wet™** is critical to the efficacy.

**WeedZap™** is to be applied when the daily temperature is at its warmest.

Repeat applications as necessary.

Coverage is essential for the performance of **WeedZap™**.

### Product Handling

**WeedZap™** is stable under normal storage conditions.

Store in dry, cool places. **Avoid** exposure to moisture, heat and sunlight.

**CAUTION:** Off target application of **WeedZap™** will result in damage to growing plants. Do NOT apply this product through irrigation systems.

**Avoid** contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

### Compatibility

ALWAYS perform a compatibility test (jar test) before mixing anything with **WeedZap™**.

Do NOT apply **WeedZap™** and **Natural Wet™** with any other products.

### KEEP OUT OF REACH OF CHILDREN

### Limited Warranty

Manufacturer or reseller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer nor reseller shall be liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described on the label.
